

# SPF50 HYBRID MOISTURISER – FACE & BODY

A very light moisturising gel SPF, which is quickly absorbed with minimal white cast. Will hydrate without greasiness.

UVA & UVB BROAD SPECTRUM PROTECTION

## MINERAL & CHEMICAL HYBRID SPF SYSTEM

Contains less than 5% total SPF actives. The chemical sunscreen is double-encapsulated to minimise skin penetration and irritation. Reduced mineral content = lower risk of white cast.

## SACCHARIDE ISOMERATE

Naturally derived plant extract that hydrates, strengthens the skin barrier, and locks in moisture by binding to keratin. A true moisture magnet.

## 20% ALOE VERA JUICE

Derived from inner aloe gel, rich in vitamins, minerals, amino acids and polysaccharides to soothe, moisturise, and support skin function. Vitamins and minerals support the natural function of skin cells.

## DIRECTIONS FOR USE

Apply enough product to ensure an even covering to all exposed areas, taking care to avoid the delicate eye area.

**Warnings:** For external use only. Avoid contact with eyes. Keep out of the reach of children. Do not store in direct sunlight. When used as a sun cream, reapply every 2 hours or after swimming. Sun creams are most effective when used as the last layer of product applied to the skin.

## COMBATS

Signs of aging, radiation damage caused by exposure to sun.

## BENEFITS

Moisturises and hydrates whilst protecting against UVA.

## SKIN TYPE

Suitable for all skin types.

## ETHICAL

Cruelty Free Vegan  
Friendly >94% Natural

## PRODUCT ADDITION

No additions without further SPF testing

## RECOMMENDED PACKAGING

Flip top, Disc Top, Pump, Jar or Tube Opaque.
