

PREMIUM VITAMIN C SERUM

A lightweight, fast-absorbing serum with a velvet finish, perfect for layering. Encapsulated pure ascorbic acid offers high potency, deeper penetration, and extended stability without discolouration, even in heat or over time.

STABILITY TESTING

STABILISED BIOAVAILABLE VITAMIN C

The Smart Bio-Shell encapsulation protects Vitamin C from oxidative degradation by shielding it from air, light, and moisture. It retains more than 95% of its ascorbic acid content after six months, even at elevated temperatures.

SQUALANE

A lipid naturally produced by skin that reduces as we age. Super gently moisturising, this non-comedogenic oil helps repair the skin barrier against environmental aggression.

HYALURONIC ACID

Naturally present in the skin, this molecule declines with age. It attracts moisture, plumps wrinkles, and supports healthier skin function through improved hydration.

SUITABLE FOR SENSITIVE SKIN

DIRECTIONS FOR USE

Apply to freshly cleansed skin. Massage the product into the face or neck as often as required.

Warnings: We recommend not using this product in the same step of your skincare regimen as retinol or other acids. If you choose to use them together, we suggest applying Vitamin C in the morning and using the other active ingredients at night.

COMBATS

Combats dull skin, age spots, fine lines and wrinkles. Suitable for all skin types.

BENEFITS

Skin Lightening, Photoprotection, Age spot removal, Collagen production, Anti-wrinkle, Smoothing, Moisturization, Anti-oxidant
